Career Objective

Aspiring Software Developer dedicated to mastering Software Development. I combine a strong academic foundation with a passion for continuous learning and innovation. Eager to launch a career in software development and contribute to building robust, scalable systems that support business growth.

Education

Aditya Engineering College, Computer Science and Engineering(Data Science) 2024 – present

- CGPA: 8.41/10

Andhra Polytechnic, Kakinada, State Board of Technical Education, Diploma in Computer Engineering 2021 – 2024

- Percentage: 90%

St. Anne's High School, Board of Secondary Education, A.P 2021

- Percentage: 86%

Technologies

Languages: C, C++, Java

Web Technologies and Backend : HTML, CSS, JavaScript, Php, Node.js, Express.js

Database: MySQL,MongoDB

Core CS: OOP, DBMS, Operating Systems, Data Structures and Algorithms

Tools: Git, GitHub, Vercel, Render, VS Code

Experience

Software Developer INTERN, AIML DEFTECH – Hyderabad Nov 2023 – May 2024

- Collaborated with a team to design and develop interactive user interfaces, terrains, and 3D realistic scenes in Unity, integrating hardware functionalities for immersive applications
- Gained hands-on experience in team collaboration, debugging, and real-world software engineering

Projects

Andhra Polytechnic College Website Live

- Designed and developed the official website for Andhra Polytechnic Kakinada.
- Technologies Used: HTML, CSS, JavaScript, PHP, MySQL.

Automated Attendance System Live | Git

- Developed an Automated Attendance System using facial recognition and GPS-based location verification to ensure secure and accurate logging and clean, responsive dashboards for students and faculty to view attendance and manage reports effectively.
- Technologies Used: React, Typescript, Tailwind CSS, Node.js, Express.js, Flask

Achievements

- 1st Place Winner – Hack Sprint (Aditya University): Secured top honors in a Hackathon collaboration with Google Cloud and GeeksforGeeks. Built a Missing Person Detection System that utilized image processing and automated alert routing.
